DETAILED ACTION

Election/Restrictions

1. Applicant's election without traverse of the embodiment of Fig. 2 in Paper No. 24 is acknowledged.

Priority

1. Receipt is acknowledged of papers submitted under 35 U.S.C. 119(a)-(d), which papers have been placed of record in the file.

Claim Rejections - 35 USC § 112

2. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

3. Claims 21-49 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

The claims are generally narrative and indefinite, failing to conform with current U.S. practice. They appear to be a literal translation into English from a foreign document and are replete with grammatical and idiomatic errors. Moreover, it is very difficult to understand and follow the claims. Furthermore, the claims do not clearly point out or present the structure of the claimed invention. Therefore, claims 21-49 are rejected.

Allowable Subject Matter

4. Claim 50 is allowed.

Art Unit: 2633

5. The following is a statement of reasons for the indication of allowable subject matter: The art of record taken separately or in combination fail to teach the structure of the claimed device.

Conclusion

6. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. The Saikan et al., reference is cited for its teaching of an optical device showing some of the elements of the claims.

7. This is an RCE of applicant's earlier Application No. 09/232,119. All claims are drawn to the same invention claimed in the earlier application and could have been finally rejected on the grounds in the next Office action if they had been entered in the earlier application. Accordingly, **THIS ACTION IS MADE FINAL** even though it is a first action in this case. See MPEP § 706.07(b). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no, however, event will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
